

# Artistic You!

You don't need to be skilled, and you don't need to be inspired come along and join us for fortnightly "Artistic You" sessions .

A new range of artistic taster sessions covering various mediums such as Art, Photography and lots more. [insert timetable]

Initial sessions during October and November 2013 were facilitated by Chris Hollis a Local Community Artist in Sunderland

## Getting to know you

Meeting Chris for the first Time at St Mary and St Peters Community Project

The first ever session of Artistic you looked at Colour Magic with paint. This involved working with 3 True colours and white to mix every colour that you might ever need.

## Carers Too

Carers waiting patiently to join in with the colour magic session

Members getting to grips with new materials and new ideas.

## Working Hard

Learn new skills or just have fun with our new programme.

Why not bring along examples of your own art work to show the group just as Shane did .
